

Perennial Exchange

Share your love of gardening with others. Plant exchanges are a great way to share your plants & add some new varieties to your yard. Talk with other gardeners & gather new information along with new plants. Bring your plants to share and acquire new ones. Exchanges only, no sales. Label plants if possible. Make sure your plants are free from bugs and disease. Tell a friend to come along with the plants and enjoy the fun.

Saturday June

1st

9:00-10:30 am

Romeo Village Park
